Workshop in English for pupils in the 5th and 6th grade at Primarschule Basel and Riehen

NMG in English!

Moderator: Cynthia Clare

Workshop in English

Activities, Methods

Based on the NMG unit that the teacher has selected from the list below, we will discuss the topic in English in a playful, immersive way as well as engage in small activities. The goal is not to learn new material but to experience subject-based immersion. The pupils will get the most out of this experience if I come towards the end of a unit so that they have a base comfort level with the topic at hand. When appropriate, I will encourage them to use vocabulary words that they have acquired from their New World textbooks. I have experience teaching 5th and 6th grade English using the New World curriculum.

Although I will only speak English (my mother tongue) in the class and will encourage pupils to do the same, I understand Swiss German and German and can help the pupils formulate their answers in English when necessary.
